Richmond Girl In Mystery Castle HOUSEWIVES FIGHTING TRUSTS EYES BADLY BURNED BY BLOW OUT

CONTEST IS STARTED IN ESTATE OF GARDELLA

Disputing the title to certain property situated in Richmond which is included in the estate of the late Rosa Gardella, A. G. Gardella has filed suit in the Superior court to recover \$2,066.90 which he avers is due him from the estate. The action is against Rose Love as administratrix of the estate of the late Rosa Gardella, and other heirs.

It is alleged in the complaint that the plaintiff and N. G. Gardella, both sons of the deceased, were owners of a certain piece of property in Richmond prior to the death of Rosa Gardella. A verbal agreement was entered into, the complaint recites, by which the deceased was to receive a deed to the property with the stipulation that she make certain improvements. A building was subsequently built, it is stated, and the deceased mortgaged the entire property, the plaintiff and his brother agreeing to pay the interest on the loan.

The deceased was to hold the property in trust for the plaintiff and N. G. Gardella, it is alleged, but following the death of Rosa Gardella the lot and building passed into the estate. The plaintiff avers that N. G. Gardella has assigned his claim in the property and is asking \$2,066.90 as share in the estate. Hiram Jacobs is attorney for the plaintiff in the action.

Native Sons to March in Parade Admission Day

The district organizer of the Native Sons of the Golden West, Mr. Marker, was at the weekly meeting of the Richmond lodge last night at Pythian Castle. Mr. Marker will have charge of the membership drives that are going on now.

During the meeting, past president Dr. C. R. Blake was presented with

S. O. Company Changes Its Hours of Labor

Commencing today the Standard Oil company will go back to the old working schedule from 8 a. m. to 5 p. m. The days are getting shorter and the winter schedule is to be put in effect. Today is also pay day, and the banks of the city will change their pay day hours. Banks today will be open from 4 to 5:30.

Holiday Schedule By Ferry Company For Next 3 Days

Manager Mose Moch has made the announcement that the Richmond-San Rafael ferry company will observe the holiday schedule on Saturday, Sunday and Monday, in order to take care of the heavy traffic that is expected at the end of the week.

As Monday, Labor Day, is a legal holiday, there will be hundreds who will take their autos and go to the country for three days.

This means many additional boats for the benefit of the traveling public during this period.

Police of Bay Are Searching For Concord Robbers

Police of the bay cities have been asked by the Concord authorities to help them locate the robbers who Tuesday night smashed the plate glass window of a jewelry store here and escaped with valuables amounting to one thousand dollars.

The men rode in a high powered car and smashed the glass of the jewelry store owned by F. L. Rosborough just after the night watchman had passed. According to a druggist over across the street, there were three men in the band. He saw them as they were leaving.

Dr. Thelma Milnes left this morning for Mt. Hermon for a few weeks outing.

There will be no celebration in town Monday, September 6th, Labor Day.

A solid gold watch fob by the members of the Native Sons and Daughters will march in the Admission Day parade in San Francisco on September the ninth.

While working at the Western Pipe and Steel company plant last night, Joe Bolini met with an accident that may result in the loss of his eyes.

Without any warning a fuse blew out, and the flash struck him in the face. Both of his eyes are badly burned and he will be forced to remain in a dark room for some time, until the attending physician, Dr. C. R. Blake, can determine their real condition.

Native Daughters Give Mrs. Blake Surprise Party

The Native Daughters of the city gave Mrs. C. R. Blake a surprise party last evening at her home at 308 Ohio. The occasion was her birthday.

The evening was spent in playing whist, after which refreshments, that the guests brought with them, were served.

The first prize was won by Mrs. Louise Swartout, second by Mrs. Claire Barry, and third by Mrs. George Curry.

Mrs. Blake was presented with a beautiful butter pick and an olive spoon.

R. W. TIMMONS INSTALLS DRINKING FOUNTAIN FOR PUBLIC

A drinking fountain for the public has been installed by R. W. Timmons, Richmond plumber, in front of his office on Seventh street, between Macdonald and Nevin avenues.

RICHMOND NATIVE SONS TO ENTER BIG PARADE

It has just been decided by the local parlor of the Native Sons that a big delegation from the Richmond parlor will participate in the great parade to be given in San Francisco on Admission Day, and an active committee of the Native Sons and Daughters are now engaged in arranging the details and plans for a good showing, both as to numbers, banners and uniforms. A drive for new members is now on, also, and meeting with considerable success. District organizer Marker, of San Francisco, is assisting materially in the drive. Richmond's delegation will march with other teams of Contra Costa county.

Max Schnier is Arrested Charge Failure to Provide

At the request of the Oakland police, Max Schnier of that city was arrested this afternoon by the local police on a charge of failure to provide, and was delivered over to the Alameda county authorities.

William Hugh Jones and Eolalia B. Picard, both of Richmond, secured a marriage license at Martinez yesterday.

All About the Lot Family At the Tabernacle Tonight

"The Married vessel or the hitching post" was the subject of Evangelist John Edward Brown at the services at the tabernacle last evening. The lesson was drawn from a visit to a pottery. In the course of his address, which he made to an immense crowd, he brought out five different points:

First—That you must have the material and the right kind. God can make an axe-handle out of any kind of wood.

Second—The material must be worked first. Man must have his heart pierced by the needle of the law before it can be healed by the thread of the gospel.

Third—The vessel must be placed in the right atmosphere. Your associates will make or damn you.

Fourth—A little grain of sand may spoil the entire vessel.

Fifth—A vessel marred, God can make it over again.

Sixth—In order to burn away the dross, the vessel has to be placed in the furnace.

The topic for the meeting this afternoon will be "The Beauty and Fitness of Praise," and tonight the evangelist will have as his subject "Mr. Lot and the Lot Family, introducing Mrs. Lot." Mothers especially are invited to attend and bring the children with them.

At the conclusion of last night's meeting the pastor decided that the churches would hold a union meeting at the tabernacle next Sunday morning.

left undone which might in any way educate the people, and especially the newcomers, on the project. Manager H. A. Johnston announces that if there is any opposition in Richmond he has not encountered it as yet.

RICHMOND HARBOR BOND CAMPAIGN WARNING

The committees having in charge the campaign to carry the election for the harbor bonds, to be held September 28th, are now all hard at work upon the many details, and all donating their services for the good of the cause, which is one which is now recognized as of vital interest to the future growth and welfare of Richmond.

Signs have been strung across Macdonald avenue at intervals, urging all to support the bond issue, and stickers decorate every house, window and automobile. Captain Lauritzen has donated one of the big launches for the use of the Chamber of Commerce in showing the people the harbor from the water side of it, and nothing is

At the meeting of the Berkeley Housewives League held yesterday at which there were a number of Richmond ladies present, Mrs. Lester Bartlett, president of the Berkeley organization took issue with J. M. Henderson of Sacramento, president of the Associated Dairymen of California.

Henderson in attempting to justify the recent raise in the price of milk stated that the producer was getting 144 per cent more today than in 1914, but Mrs. Bartlett says the percentage is but seventy.

Mrs. Bartlett said:

"We did not challenge the increase in milk prices in December. But we did challenge this last increase on August 1st, which was made at a time when feed was decreasing in price. The wages of labor has not increased since December, while prices of feeds have been decreasing. We feel, therefore, that the increase is not warranted."

Commenting on Henderson's statement that there is not enough milk produced in the United States to supply a glass a day per capita, Mrs. Bartlett said that the housewives were not interested in the amount produced in the entire country, but only in California.

"We know absolutely that there is a surplus of milk in the bay regions," she said, "and that the price is too high."

The fill on the San Pablo-Giant road has been completed by Contractor S. C. Rogers.

GET BUSY ON SLOGANS AND WIN A PRIZE

If there is any school pupil that wants one of those ten prizes of \$2.50 each offered for harbor slogans, the best thing to do is to get busy and send in your slogan.

The contest lasts only a few days longer. Beside the \$2.50 prizes \$5 extra will be given for each of the two that in the judgment of the committee are the very best ones.

Address the slogans to the Harbor Bonds Campaign Committee, or to Campaign Manager H. A. Johnston, care of the Chamber of Commerce, which has general charge of the campaign.

Secretary Wallace of the Chamber, or Mrs. Marie Osborn, assistant secretary, will see that your communication is turned over to the committee that is to make the selections.

"Send the Harbor and the World will come to us," may serve as an example to help you in preparing a slogan. Something that arouses one to the benefits deep water shipping will bring.

"Harbor Industries will provide work for our boys at Home" is a sentiment that is true. If the harbor is developed the industries and shipping will give employment that will prevent the necessity of our young men wandering to other cities.

The prizes are open to every school pupil in Richmond. They figure 25 to 30 cents a word, more than some noted authors receive.

Give your name and address when you send in your slogan. The ones winning prizes will be published.

Watch for them and claim your prize.

Fire Truck No. 4 Remodeled and Ready for Service

After being out of commission for several months, fire truck No. 4 has been entirely remodeled and is ready for service again. A brand new motor has been installed and the truck entirely repainted by the repair department of the fire department.

POLICE RAID AT SALADA DEVELOPES SENSATION

When the officers raided the "Mystery Castle" at Salada Beach a few days ago, that was being conducted by Dr. Galen Hickok of Berkeley, three young women were found there, in a convalescent state, who stated they had been operated on by the physician.

All of them are young, and one of them but fourteen years of age is said by the authorities to reside in Richmond. The names of all of the young girls are being closely guarded, and the authorities refuse to give them out.

It is possible that at the time of the trial of the physician the names will be brought out.

Officers are busy at the place daily and more details are being uncovered. Several names of those who have been covered up at the place have been found, and bones partly burned by lime have been discovered.

It has also been found that the sewer from the castle of mystery is clogged up, and the officers intend to see what can be dragged forth from this source.

It begins to look like a regular Bluebeard's den has been operated on the bluff above the ocean in San Mateo county, and many sensational developments are expected before the officers complete their work.

The nurse, Miss Cloe Tavis, who was in charge of the place, is being detained in the jail at Redwood City, and the physician has been placed under arrest.

Stairley Wants A Carrier for Rural Route

Postmaster Waverley Stairley is looking for a carrier on the rural delivery route. The route is about twenty-five miles long, and the carrier must furnish his own conveyance. The compensation is \$144 per month.

City Health Commissioner C. R. Blake will leave Sunday morning for Santa Cruz, where he will recuperate for the next two weeks.

OFFICIAL PAPER CITY OF RICHMOND

THINKOGRAPHS by F. J. HULANISKI

WHICH ARE THE "RUBES?"

The funny papers and minstrel shows have always pictured the farm dweller as a "rube," and all the smart, slick people are, according to their theory, living in the cities. But is the theory sound? Which is the "rube," he who enjoys life as God and Nature intended, or he who huddles among brick and cement, lives by his wits and doesn't know wheat from oats unless it comes out of a carton in a sudden lunch joint?

The 1920 census shows that a majority of our 105,000,000 live in the cities, and that 7,000,000 of them are jammed into New York like sardines in a tin can. No wonder the center of gravity tips a little in that direction.

New York, Chicago and Philadelphia have about a tenth of the entire population of the country, and the other cities have enough more to make close to 55,000,000. But the country man has much in his favor and to his credit. In the first place, he feeds us all, and without the food he raises we would all die quick and go to—er—some other place.

Most of the men who have been presidents of the United States have been recruited from the farms. Most of the great men the nation has produced were country born and bred; in fact, only two of our presidents, Roosevelt and Taft, were born in cities.

The farmer outranks us in wealth per capita, more motor cars per individual and more leisure per citizen. And in addition, he has a clearer conscience, a thousand per cent better record for honesty, righteousness and fairness, men to man. There are no bunco-stealers on the farm, no burglars, no "dips," yeggs or other "friends," and, with much credit to the farmer be it said, very few politicians.

The cuffs on trousers have been doomed.
Their day is passed and through;
And ages hence they'll doom, perhaps,
The coat-sleeve buttons, too.

Ladies, you now not only vote all over this blessed U. S. A., but you boss the male voters as well.

Perfume is not used as lavishly as it used to be, probably because baths are more frequent, and the perfume is therefore not needed so much as of yore.

There are many ennobling things you can do in this world, other than striving to leave behind you a million dollars for other people to fight over.

Maybe you also remember the days when a person could buy a nickel's worth of cheese and crackers, and get some of both.

The hungry hyena that despoils graveyards is better than he who robs the struggling people of their just dues for labor.

There never was a slick rascal yet who set up a little three-legged stand and manipulated three walnut shells and a pea around it that did not have many to bite at his bait and invest their money upon the cock-sureness that they could locate the pea under the shell. They always lose, get the laugh and make room for more suckers who do the same thing over again—all possessed with the idea and desire to get something for nothing. What they get is experience, and nothing is so high priced as that.

We have had another illustration of it recently in the manipulation of the shells and pea by Mr. Ponzi, of Boston. He promised investors 50 per cent on their money every ninety days, until their hundreds should be turned into thousands and their thousands into millions. What he really did was to take their money in at one window and pass it out at another, reserving enough for his own profit and pleasure, of course. Smith saw Jones receive fifty per cent on his investment at one window, so he urled all the coin he could and passed it in at the other. Then both of them told Brown, and he did likewise, and so on with thousands of people, all determined to get something for nothing. Then came the inevitable crash, and another bubble was busted, another crook was shut up in the pen, and his victims now weep and wall because they got stung. They have no sympathy coming.

Cassie Chadwick's financial wizardry will be remembered; also the famous "Mississippi Bubble." These schemes always end the same way. The shell and pea manipulator grabs the money, and the gullible gals who hand it to him cannot be taught, even by experience, that the law of nature and all laws of sound finance absolutely prohibit anybody's getting something for nothing.

The average member of the Ancient and Honored Order of We the People has about as much chance in modern politics as a clay pipe in a shooting gallery.

The bible says that he who lives by the knife shall perish by the knife. Moral—Use your fork occasionally.

A mob wrecked the Denver Post recently, and investigation now shows that nobody did it. It was like the little girl's doll's leg—broke itself.

Sinn Feinn signifies "Ourself Alone." By golly, that is the party that nine-tenths of us belong to and didn't know it.

How, in Helen Blazes can there ever be a government of, for and by the people when only about thirty per cent of the said people go to the polls to vote as to who shall run the government?

My Creed

I would be true, for there are those who trust me;
I would be pure, for there are those who care;
I would be strong, for there is much to suffer;
I would be brave, for there is much to dare;
I would be friend to all—the foe I'm friendly;
I would be giving, and forget the gift;
I would be humble for I know my weakness;
I would look up—and laugh—and live.

Thanks of Kueffer Tendered Friends For Their Support

Although defeated in the race for the Assembly, I feel very grateful to the hundreds of good friends who gave me such loyal and whole-hearted support, and can never forget their evidences of friendship. I tried to make a good, clean campaign, devoid of abuse and such methods, and under all the existing circumstances the big vote I received all over the county makes a very good showing. I have no ill will or bitterness in my heart or mind for anybody, and it is a source of great satisfaction to me that although I was not successful a Richmond man was, and our city will be represented in the legislature, which honor was due to it as being the biggest and the most important city in the county.

I know that I made a good many friends all over the county during the campaign, and that fact is more valuable than is a political office. Anything in the future that I can do for those friends it will certainly be a pleasure for me to do.

E. H. KUEFFER

Long Makes Trip Of the County To Thank Friends

Mayor James N. Long, the successful candidate for assemblyman, it also develops received the Democratic nomination as well by friends in different parts of the county writing in his name.

Today Long left for a trip throughout the county to meet the many who supported him, and express his thanks to them.

Geo. E. Searcy is Honored by the Boilermakers

George E. Searcy, president of the local Boilermakers local, and also the head of the Contra Costa County Central Labor council, has been elected as a delegate to the national convention of the Boilermakers to be held in the east this month, and will leave in a few days in order to be present when the convention calls to order on the first day.

Pass the Flowers!

When I cash in, and this poor race is run,
My chores performed, and all my errands done,
Perhaps some folks who mock my efforts here
Will, weeping, bend above my lowly bier—
And bring large garlands worth three bucks a throw.
And paw the ground in ecstasy of woe,
And friends will wear crepe knots on their ties.
While I look down (or up) a million miles,
And wonder why those people never knew
How square I was before my spirit flew.

When I cash in, I shall not care a yer
For all the praise that's heaped upon me then;
Serene and silent in my narrow box,
I shall not heed the praises or the knocks.
And all the pomp and all the vain display
Will be just fuss and feathers thrown away.
So tell me now, while I am on the earth,
Your estimate of what my friendship's worth—
Oh, tell me what a loyal chap I am
And fill me full of taffy and of jam;
Spread it good, like honey's spread on bread—
Don't wait to shoot the buck when I am dead.

NEW PISTONS SHOULD BE TIGHTLY TAPPED

When new piston rings are applied to the pistons, they should be lapped in so that they will fit the cylinder wall tightly and evenly all around. First put the rings on the piston and then move the assembly back and forth in the cylinder, using an abrasive mixture to assist in seating the rings. A good compound is ground glass and cylinder oil, or carborundum and cylinder oil. Another is lubricating oil and oil of emery. When the rings bear evenly all around the work is accomplished. Valve grinding compound may also be used for the lapping process.

The "road closed" signs on the highway between Grant's Pass and Rogue River have been taken down and traffic is now pouring in an almost steady stream over the new pavement. The Pacific highway between Grant's Pass and Ashland is now all complete except a short strip between Gold Hill and Rogue River, which is in a very good condition. The Rogue River detour has been one of the worst roads in southern Oregon, it being filled with chuck holes and deep dust pockets. Large passenger buses are now running on regular schedule between Grant's Pass and Ashland.

BOILS And High Blood Pressure

Oakland, May 17, 1920.
"From boyhood I have suffered from boils due to impure blood. My blood pressure was so high that for a long time I had severe headaches and my body was continually wet with excess perspiration.
"After having been treated by many doctors I finally found one who attempted to cure them. When he had cut me about twenty-five times, I quit. I then tried a milder remedy in the form of the FONG WAN CHINESE HERB TEA. I took three months, during which time my blood was thoroughly CLEANSED OF ALL IMPURITIES. When my blood had thus become pure and rich, my blood pressure also became normal. I therefore no longer suffer from either headache or excess perspiration."

Register for the Big Drawing in Tapscott Park FREE LOTS IN THE "HUB OF RICHMOND"

TAPSCOTT PARK, the Hub of the City of Richmond, is at the junction of Cutting Boulevard and Macdonald Avenues (the two main business streets of Richmond) and San Pablo Avenue, the one thoroughfare connecting the industries of Oakland, Berkeley, Richmond, and the Contra Costa County shipyards and manufacturing plants.

Business Site and Two Residence Lots to be given away on Monday "Labor Day" September 6

Visitors as well as buyers in Tapscott Park will participate in free drawing. All that is necessary is to register.

Big sale of fully improved property now going on. Liberty Bonds at par---10 per cent discount on all cash payments of \$10 and over.

Visitors as well as buyers in Tapscott Park will participate in free drawing. All that is necessary is to register.

\$1 Down and \$1 a Week--No Interest or Taxes for 1 Year--10% Discount

Nearly \$500,000 has already been spent in improving Tapscott Park. Broad boulevards, well-paved streets, gas and electricity; sidewalks set well back from the curb--in fact, the finest property ever placed on the market at these terms and prices way below those asked for lots much less desirable.

On Monday (Labor Day), a business location on San Pablo Avenue, near Macdonald Avenue, will be given away ABSOLUTELY FREE.

At the same time two fine residence sites on Cutting Boulevard, near the Berkeley Country Club, will be given away ABSOLUTELY FREE.

The drawing will take place between the hours of 4 o'clock and 6 o'clock in the afternoon. All that is necessary is to have your name and address deposited in the big box at the Sales Tent, Cutting Boulevard and San Pablo Avenue, before the drawing takes place.

A little girl selected from the crowd will draw the name of the winner of the business location and a little boy, selected from the crowd, will draw the winner of the residence lots.

A recorded deed to the property will be given ABSOLUTELY FREE to each winner.

The names of all previous buyers in Tapscott Park, during the present sale, will be included in the drawing.

Tapscott Park faces on San Pablo Avenue, sloping gently upward until a wonderful view of San Francisco Bay, the Golden Gate, San Francisco, Oakland, Berkeley and Richmond is obtained. Tapscott Park is the ONLY fine residence property immediately adjoining the business center of the city. The lots on sale include both business locations on San Pablo Avenue and beautiful homesites in the scenic part of the tract.

FROM SAN FRANCISCO--Take Southern Pacific Ninth Street Loop train at the Oakland Mole and get off at San Pablo Avenue. Here a representative of Tapscott Park (wearing a blue badge) will meet you.
FROM OAKLAND--Take San Pablo Avenue car to Potrero Avenue, walk two blocks north to Tapscott Park. By motor drive out San Pablo Avenue to Cutting Boulevard.
FROM INTERIOR CITIES, via Vallejo and Martinez--Take any bus line to Oakland by way of the State Highway and San Pablo Avenue. Tell the driver to let you off at Tapscott Park, Richmond.

P. G. & E. Employees Complete Successful Season of Activity

The "Pacific Service" Employees' Association, composed entirely of employees of the Pacific Gas and Electric Company, has completed an unusually successful season of activities for the first half of 1920.

The opening ceremonies for this year were held in San Francisco on March 9th, when Mr. R. M. Fisher, the president of the Association, and his board of officers were introduced to a large gathering of members of the Pacific Service family. The program for the year was outlined at this meeting, and the enthusiasm which greeted its announcement augured well for a successful season. That this happy augury was fulfilled may be now generally acknowledged.

The out of town gathering held at Sacramento under the auspices of that

district, combined with the districts of Yolo and Solano, on March 20th, and the day following, went with a snap that resulted in considerable additions to the membership roll from that section of the Pacific Service territory.

Then, on March 22nd, came the rally at Oakland, at which District Manager Frank A. Leach and his corps of able assistants established a record that will be hard to live up to, let alone surpass, in the seasons to come.

There followed another out of town gathering at Vallejo, and Mare Island on April 10th, under the auspices of Vallejo, Napa and former Contra Costa districts. This was held in wonderful weather and was delightful in every way.

The month of April was responsible for further additions to the record of successes. An expedition to Auburn and Lake Spaulding was pulled off on April 24th and 25th under the auspices of Placer, Drum and Nevada districts. Of the five hundred men and women who joined in this event it is safe to say that no one of them entertain any but the most delightful memories, including, as they must, the transition from the genial warmth of the Auburn valley to the snappy atmosphere of the snow region.

On April 27th came the first dramatic entertainment of the season when the Pacific Service Players' Club presented "Cupid in Khaki," before an unusually large and appreciative audience at Ebell Hall, Oakland.

On May 29th, 30th and 31st the Association's out of town excursion pro-

Bits of Humor

"I understand that your campaign manager has objected to some of your recent speeches."

"Yes," replied the college professor, who has entered politics. "I judge from what he said that I was impairing my chances of being elected to the high office to which I aspire, but what he really said was that I was 'gumming the game.'"

A Good Comeback

There had been an accident. The motor car had run over a man's toes, and now the injured party was claiming damages.

"What! You want \$100 for a crushed foot?" cried the chauffeur, aghast. "Look here, I've only my pay—I'm not a millionaire!"

"Perhaps you ain't," replied the victim, firmly, "and I ain't no centipede!"

STATE LICENSES FOR MOTOR VEHICLES

The Connecticut and Massachusetts motor vehicle departments have come to an agreement whereby any motorist living in either state may obtain a license that will enable him to drive across the

TAPSCOTT SALE GREATEST IN WEST

Evidence that E. N. Tapscott's sale of property in Tapscott Park, Richmond, on the popular terms of \$1 down and \$1 a week will fulfill predictions that it would be "the greatest real estate sale ever held in the West" is found in the success of the opening day of the sale last Sunday.

Hundreds of people thronged the property, making purchases as fast as a big sales force could handle them. Tabulation of the transactions for the opening day and the remainder of the week have not been completed, but it is known that they run to nearly one hundred thousand dollars.

To accommodate the crowds that are expected over the week-end and Labor Day holiday, many additions have been made to the sales force that will be in attendance at the next office at Cutting boulevard and Macdonald avenue.

It is anticipated that out-of-town buyers, taking advantage of the holiday, will participate heavily in the transactions in this period. This is borne out by the fact that many telephonic and telegraphic communications have been received regarding the property.

All visitors to the tract are enthusiastic about the advantages of the property. They are delighted both with the low prices and unusual terms asked for lots, and the exceptionally attractive character of the land.

Tapscott Park is virtually the "Hub of Richmond," situated on San Pablo avenue where Cutting boulevard and Macdonald avenue, Richmond's two main business streets, cross San Pablo avenue and enter Tapscott park. It offers both business locations and residence sites, the upper portion of the tract overlooking Richmond, San Francisco bay and the Golden Gate.

Evidence of the high type of the property is also found in the fact that the Berkeley Country Club and Golf course is situated just two blocks back of Tapscott Park, with the main entrance and drive to the clubhouse running through Tapscott Park.

The new license is primarily for the convenience of car owners who live near the state line and have business in a town just across the line.

U. S. PLANS TO CONTROL PUGET SOUND AIR MAIL

SEATTLE, Sept. 3.—Delays in the inauguration by the post office department of hydro-airplane mail service between Seattle and Victoria, B. C., to connect with trans-Pacific liners, were removed today, postal authorities declared. Canadian officials announcing that they would co-operate with the United States in the service, it is planned for the United States to operate the mails alone. Having asked the Canadian government to co-operate, its reply was awaited by officials here before any further action was taken.

THIRD DIVISION SOCIETY AFTER 3000 MEMBERS

SAN FRANCISCO, Sept. 3.—At a meeting of San Francisco branch No. 17, Society of the Third Division, composed of members of the famous overseas unit, was held at the home of Albert J. Cadere, 55 Twelfth avenue, and plans were adopted for a membership drive. Charles C. Coder was named state organizer and he will endeavor to get more than 3000 men in this State who were members of the Third division during the war to organize into branches of the new organization. Another meeting will be held Wednesday night at Cadere's home. Cadere is secretary and treasurer of the organization. Former members of the Third division are invited to attend.

TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur bring back its vigor, color, gloss and youthfulness. Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is falling, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.—Adv.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

To see the healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best day in and day out, just try inside bathing every morning for a week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a fine appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, or whose skin is sallow or pallid, that one week of inside bathing will have them looking and feeling better every way.—Adv.

The report of city treasurer J. Frank Walsh showed \$5,953.60 on hand in the city treasury.

On motion of trustee P. A. Stenberg, the recommendation of trustee George Conlon that a 250 candlepower light be installed at the corner of Potrero and Second streets, was adopted.

Resolution of intention for the construction of sidewalks on Kearney street was adopted. The work will be done under the improvement act of 1911, and pine year bonds will be issued in payment of the work. The time for hearing protests was set for the 23rd of this month.

The street commissioner was instructed to investigate the proposed culvert for the Behrens tract.

**EVERY BUILDER BUSY
NOW IN EL CERRITO**
Every carpenter, brick mason,

lather, plaster, hod carrier, painter and everybody else who knows anything about building houses, is more than busy right now, and has been all summer, erecting the hundreds of new homes going up in every section of the city. One has to take an auto trip around the city to understand or appreciate the extent of this new home building, and it is a great source of satisfaction to everybody. Prices of all building materials have been and are high, but that does not deter people from building, as hundreds have become possessed with the spirit of owning their own homes. And in spite of this fact, Richmond is sadly in need of at least two thousand new houses right now to anywhere near meet the constantly growing demand.

**DIVORCE IS GRANTED
RICHMOND COUPLE**

The following interlocutory decrees of divorce have been granted by Judge R. H. Latimer:

Lulu P. Whitaker vs. Samuel Whitaker, cruelty. The Whitakers were formerly residents of Orinda Park.

Mary E. Magnus vs. William Magnus, cruelty. Residents of Richmond.
